Dear Mr. Kunzig:

This is to request an exemption from the prohibition of the General Services Administration regulation (41 C.F.R. 101-19. 306) to permit the use of alcoholic beverages on the Federal property occupied by this Agency at McLean, Virginia.

As you know, the Agency's headquarters are in McLean and the Director, his senior staff, and the major portion of our employees are located here. From time to time it is necessary for the Director and other senior officials to meet with foreign officials and individuals as well as influential American citizens from private life. Normally, there are security considerations pertaining to such official contacts, and in many instances our guests request that these meetings not be publicized or readily observable. We cannot, therefore, provide appropriate social / amenities in public places. In addition, there are commemorative or similar events which should be appropriately recognized with participation of Agency personnel as well as citizens from private life. Because of the security relating to the identity of certain of these individuals or their relation to the Agency or the United States Government, again we are unable to use public facilities. At meetings of this sort, it is customary to serve alcoholic beverages in moderation. It is for these reasons that we believe we need the exemption referred to above. We would maintain strict controls on such activities, with particular regard for the protection of Government property and for the reputation of the Government and its employees.

We, of course, will be glad to submit any additional information or to meet with you or other GSA officials concerning this request.

Sincerely,

As you know, the Agency's headquarters are in McLean, and the Director, his senior staff, and the major portion of our employees are located here. Normally there are security considerations pertaining to such official contacts, and in many instances our guests request that these meetings not be publicized based on policy considerations. We cannot, therefore, provide any appropriate entertainment in public places. In addition, there are commemorative or similar

We, of course, will be glad to submit any additional information or to meet with you or other GSA officials concerning this request.
